

Name: Wenhong Li

Position: Visiting Statistical Data Analyst

Office Location: MHC2620

Phone: 813-974-6584

E-mail: wli@fmhi.usf.edu

Education Background:

Master of Public Health in Biostatistics, University of South Florida

Areas of Expertise:

Medicaid and Medicare Administration Data Analysis

Pharmacy data Analysis

Markov Chain Model

Software Experience:

SAS, S-Plus, Microsoft Office

Recent Project Experience:

Evaluation of Medicaid-funded Out of Home Care (OOHC)

Evaluation of Florida's Statewide Implementation of Medicaid Managed Mental Health Care (PMHP Outcome)

Evaluation of the Children's Board of Hillsborough County's Administrative Services Organization (ASO)

Pharmacy Business Operation Book for nationwide Medicaid and Medicare Health Plan

Paragraph about yourself:

Wenhong has been working on Health Care data analysis for several years. Her work focuses on using Medicaid and Medicare administration data and Pharmacy data, which come from Federal and State Medicaid and Medicare health plan. She has good statistical knowledge and good at using Statistical Analysis Software (SAS) to manipulate huge complex data and extract useful information. Not only she is familiar with building Markov chain Model but also she has strong experience in designing and creating database through Microsoft Access.
